

Spelling/Reading

Add A Word

Variation of Scrabble.

Materials:

Paper

Pen/pencil

Possibly a dictionary

The first person writes down a word. The next person uses one of the letters and makes a new word. The longer the word, the easier for the next player to make a new word.

You can give the letters points if you want to keep score.

You can also use the sheet after you are finished and set it up like a crossword puzzle.

To keep the letters in line you may want to use grid paper.

Example:

DOG
I
VINE
I
DINING
E OFF
R
I
DADDY
A
YESTERDAY
